Unconscious by Bandits To  
Obtain Large Amount\$50,000 to \$75,000 in Vault  
Saved by Safe Being Locked

(By Associated Press)

Marion, O., January 26.—Two bandits early this morning entered the office of the county treasurer in the court house here, knocked Treasurer Harry E. Forry unconscious with the butt end of a revolver and escaped with \$14,750 in cash.

Forry arrived at his office unusually early to arrange for the handling of last minute taxpayers. He had opened the big office vault, obtained several thousand dollars in change and had again closed and locked the vault when the bandits entered.

The vault contained between \$50,000 and \$75,000. Forry told the police that not a word was exchanged during the robbery.

One bandit stood guard at the door while the other pointed a revolver at the treasurer, hitting him over the head when he got close enough. No other employees were in the building at the time of the robbery.

Police of all towns and cities in central Ohio have been notified to be on the lookout for the robbers.

COX SAYS WILSON  
MUCH IMPROVED  
IN SIX MONTHSDeclines to Discuss His Audi-  
ence With President WilsonCarries No Messages to Europe  
For Chief Executive.

(By Associated Press)

Washington, January 26.—There has been a "great marked change" for the better in President Wilson's condition since last summer, former Governor James M. Cox of Ohio, declared today after a 40-minute visit with the President at the White House.

The executive, Mr. Cox said, was "heavier and more robust in every way" than he was on the occasion of the former governor's call last summer soon after he had been nominated as the Democratic presidential candidate.

Describing his visit as merely a friendly call, Mr. Cox refused to go into details as to his conversation with the executive. He did say, however, that his projected trip to Europe in June was talked about and added that he would not take any "messages" to Europe for the President.

Mr. Cox emphatically disclaimed any purpose in his call to talk politics and jokingly remarked that he had gone to the White House to tell the President that he had decided "not to move in."

UNEMPLOYED IN  
UNITED STATES  
OVER 3,473,000Fifty Per Cent. of Ohio Mechan-  
ical Labor is Laid OffMichigan Leads List in Number  
Idle

(By Associated Press)  
Washington, January 26.—The number of persons employed in industry in this country the first of this month numbered 3,473,466 less than the number employed a year ago, the Department of Labor's employment service has announced on the basis of a first nationwide survey just completed.

Director John B. Densmore said this figure did not necessarily represent the number of persons actually unemployed as it was "quite possible" that some of the workers had found employment in agricultural or other pursuits not covered in the survey.

On the other hand some officials believe that the army of unemployed possibly was larger than the figures given as no effort was being made to ascertain that reduction in the number of persons employed in pursuits other than those classed under the head of "mechanical industry." Michigan led the states in proportional reduction with 82 percent, and Ohio and Indiana followed with a reduction in employment of 50 percent each.

The largest percentage of reduction in specific industries, 69 percent, occurred in the automobile and accessory industries. Toledo led Ohio in unemployed with 28,625; Cincinnati, 24,000; Akron, 20,000; Dayton, 13,750 and Columbus 13,333.

(By Associated Press)  
Detroit, Mich., January 26.—A reduction of \$165 in the price of tractors was announced today by the Ford Motor Company. The cut is made possible, it was stated, through lower cost of materials and improved production facilities.

While no change was announced in the price of autos and trucks, the statement says, lack of a large volume of new business may necessitate an increase.

JAPANESE GOV'T  
ANSWERS NOTE  
OF STATE DEPT

(By Associated Press)  
Washington, January 26.—Japan replied today to the American government's note regarding the killing of Naval Lieutenant W. H. Langdon at Vladivostok by a Japanese sentry with the promise of a "thorough investigation of the circumstances surrounding the incident."

At the same time, the Navy Department was advised by Admiral Gleaves at Vladivostok that the American naval court of inquiry there had decided that Lieutenant Langdon was the subject of "an unwarranted attack" by the Japanese sentry.

The Japanese government's note was said at the State department not to meet the points raised by the American Government in its communication and was regarded as little more than an acknowledgement of the receipt of the American note.

TO RAISE  
RAILROAD  
RATES  
IN OHIO

(By Associated Press)  
Washington, January 26.—The Inter State Commerce commission today ordered passenger fares in Ohio raised to the same level as those prevailing in Inter State Commerce, effective March 3.

The increased rates also are to apply to pullman charges, excess baggage and rates on milk and cream in state traffic.

The commission held that present state rates were discriminatory against inter state traffic and would result in an annual loss to the carriers of \$4,600,000, which they cannot afford to bear.

A difference of transportation charges in favor of Ohio state tariff is of detriment to cities and persons out side the state, the commission said. The effect of the disparities may be slight and not always readily discernible, but they never the less exist. The difference in passenger fare basis against inter state traffic is six tenths of a cent per mile.

## EXPECTED IT

(By Associated Press)  
Columbus, January 26.—Members of the Ohio Public Utilities Commission when informed of the inter state commerce commission's order raised railroad fares said it was no more than they expected.

They intimated, however, that they believe the federal commission will uphold the Ohio commission's order relative to coal rates.

Miss MacSwiney had planned to go to Cincinnati today, but suddenly changed her mind and will go there tomorrow.

Twenty of the 52 cows which reacted to the tuberculin tests were being slaughtered today in Columbus slaughter houses and will be sold as beef.

Although the cows which reacted to the tests were marked, Brown told the committee that they were not separated from the cows shown to be free from disease. He said the State Veterinarian, Dr. Theo. Burnett, was cognizant of this condition, but had given no orders to isolate the infected cows.

The records of the famous Cleveland Grays were saved. The cause of the fire is unknown. The firemen were driven back twice by the explosion of thousands of rifle cartridges.

SENATE  
LEADERS  
MEET IN  
HEAD-ON

(By Associated Press)

Washington, January 26.—Republican and Democratic Senate leaders met in head-on collision today when the former started a drive to put through the Fordney emergency tariff bill.

Republican suggestions of a Democratic filibuster brought on the clash, Senator Underwood of Alabama and other prominent Democrats denying vigorously that filibustering was in progress or contemplated.

The Democratic leaders expressed willingness to vote after "proper and legitimate" debate and charged that the Republicans did not expect the bill to pass and sought to place the blame on Democratic opponents.

The Republicans scored a real point by forcing a recess of the Senate tonight until tomorrow instead of adjournment.

## HEALTH BODIES OF THE COUNTY IN CONFERENCE

State Health Board Representative Urges More Economic And Efficient Work.

County Health Nurse Will Be Employed At Next Meeting.

In the first attempt to plan more united action along their lines of duty the three public health bodies of Fayette county, the County Board of Health, the City Board of Health and the Fayette Red Cross chapter held a conference Tuesday afternoon.

Following lunch at the Cherry Hotel the meeting adjourned to the Y. M. C. A. where the conference was held and talks were made by County Health Commissioner Dr. A. S. Stenler, of Good Hope, Mayor V. J. Dahl and Dr. H. T. Thornburg, of the State Board of Health of Columbus.

A more economic and efficient carrying out of the state health laws was the plea of Dr. Thornburg, who delivered the main address. He outlined the results that might come from united action by the health units of the county and city and asked that the boards get together and work together.

Dr. Stenler said that he had been in office three weeks and that he was just now beginning to find himself in his new position. He urged concerted plan of the boards and the cooperation in making the health work in this county more efficient along all lines.

Mayor V. J. Dahl added a few remarks in which he pledged the full cooperation of the City Board of Health.

One of the problems taken up in the discussion that followed was the County Health Nurse question. Realizing that a county nurse had not been secured because of the lack of organization, the boards made preparations for the appointment as soon as possible.

The County Health Board asked for another conference at which a county nurse will be employed.

Those who represented the County Board of Health at the meeting were Health Commissioner Stenler, Ralph Braden, E. P. Cockerill, Carrie Doere and Dr. E. H. McDonald.

Mayor V. J. Dahl, Health Officer John Byron and Dr. E. F. Todhunter represented the City Board of Health. Red Cross officials present were: Chairman, T. H. Craig; Treasurer, A. F. Hopkins; Secretary, Miss Edith Gardner; Mrs. Carrie Willis and Mrs. W. H. Lipsett.

## WAYNE HIGH SCHOOL

Mid-term examinations are over and on the average, good showings were made. Parents who find their children a little behind should encourage them and urge them to greater effort. Second semester is starting off well with good attendance and lots of school spirit.

We are going to have something new in a few weeks, which will be of interest to all our community; that is the Art Exhibit at the school house February 10, 11 and 12. Appreciation of art is something most people lack. Here is a chance to see some real art and to help your children to a greater appreciation of it.

We desire that people know more about our school activities and that a greater interest may be found throughout our community in school and school affairs.

We are trying to organize and direct some athletics in school. We think that the physical education is an important thing. We have both girls and boys basketball teams and although they may not make much showing the first year, remember that encouragement is the keynote of success.

On Friday morning at 10 o'clock Mr. LaFollette suffered a stroke of paralysis and there was little hope of recovery, so severe was the attack. All medical attention could do was of no avail.

In the passing of Mr. LaFollette, the death of one of the widely known citizens of the county is recorded. He has been one of the prosperous farmers of the northern part of the county, and had gained recognition not only in his profession, but in what ever undertaking he engaged.

Religiously he was a member and attended the M. E. Church of Bloomingburg.

He took an unusual interest in the three fraternal orders with which he had affiliated. He was a member of the Knights of Pythias lodge at Madison Mills; the Masonic lodge at Bloomingburg; and the Bloomingburg Modern Woodmen.

Mr. LaFollette came to this county 25 years ago from Vinton county. He was the oldest of the family of six children of Mr. and Mrs. John LaFollette.

## PLAN TO MEET HERBERT HOOVER

Delegation of Local Citizens Headed by D. S. Craig, Relief Chairman, Will Hold Conference.

To confer with Herbert Hoover, national chairman of the European Relief Council, and the state leader of the movement regarding the progress of the collection in Fayette county for continuance of the Hoover relief work in Europe, D. S. Craig, county chairman, accompanied by Earl McLean, Ed Fite, J. M. Willis, Henry Brownell, James Ford and probably one or two others will go to Columbus Friday.

They will attend the meeting of relief workers from all parts of the state, to be held at the Hartman Hotel in Columbus Friday noon. Mr. Hoover will speak at this meeting.

"We hope to be able to give Mr. Hoover and the state committee a favorable report on progress of the campaign in this county," said Mr. Craig Wednesday.

At the Columbus meeting Mr. Hoover will present in person his appeal to the American people for continued generous support of the relief work under his direction in central and eastern Europe. The eight organizations which have united their relief programs under the European Relief Council, of which he is chairman, are caring for 3,500,000, most of whom would probably starve before next year's harvest if the relief work were withdrawn.

"This is a life and death matter for millions of children overseas," states the county executive committee. "Let us hope that the response in our county will be so generous as to leave no doubt in Mr. Hoover's mind that we are with him in his great humanitarian work."

THE LOGAN MANUFACTURING COMPANY

Manufacturers of

Furniture and Building Material

Logan, Ohio, January 22, 1921

Haynes Furniture Co.,  
Washington C. H., Ohio.

The purpose of this personal letter is to announce that, effective this date, we have made REDUCTIONS IN OUR ENTIRE LINE aggregating an average of approximately 25%.

While present cost of labor and the concessions we have been able to get in prices on materials will not justify this cut, we have gone the limit on every number of the line, even stretching a point, in order to do our full share in the readjustment of the era of inflated prices thru which we have all passed.

We have all been hit by the decline in values, but let us be good sports and take our losses cheerfully. We have taken ours, and are now ready to start off on a basis of the new and LOWER prices.

This country is big, rich and prosperous, the best on the face of the earth. A spirit of optimism is in the air. So let us one and all get busy, and we shall soon be back to old-time "normalcy."

We take this occasion to thank you for past favors, etc.

Very truly yours,

THE LOGAN MANUFACTURING CO.,  
A. C. Tipton, Sales Manager.

In line with these declines at the factories, we have determined to give our customers the earliest advantage of the new prices by offering our entire stock, new and old, now on the salesfloor, at a relative reduction, without waiting for the market to take its natural course. These reductions, now effective, range from 20 to 33 1-3 percent. It is safe and sane to buy now.

RANDOM NOTES  
SOCIAL : PERSONAL MENTION : CLUBS

The Browning Club was indebted to the Household Economics Department for an evening which might have been taken from the living history of the valiant little country of Belgium. The program was one of the most unusual and thoroughly delightful among the many. Interesting and original ones sponsored by this club.

Mrs. Ella Blessing and Mrs. Lea Gregg were at the door to receive and greet the guests.

Mrs. Julia H. Dahl presided during the business session. Resolutions were read regarding the death of Miss Sallie Pursell, who was a valued member of the club.

The club study committee, which had been appointed at a previous meeting reported their suggestion as England, which the members accepted. The meeting was then turned over to the Chairman of Household Economics Department, Mrs. Estella K. Blackmer.

Miss May Duffee had an excellent paper on "The King and Queen of Belgium"—showing the development of the quiet thinker King Albert into the brave soldier, leading his forces to victory in the World War.

The story of this royal couple is a thrilling tale. During the war, they lived in a humble cottage sharing the discomforts and sorrows of their people, the Queen herself donning a uniform of the army nurse and working daily in a hospital of a thousand beds.

Miss Duffee also touched upon the visit of the King and Queen to this country in 1912, and their enjoyment of the trip.

Mrs. Morris Chapman a member of the department played two beautiful piano numbers, "Pavane" by Carrie Jacobs Bond and "Sun Showers" by Atherton, which were heartily applauded. She responded with an encore, "The Music Box."

The demonstration of Belgium dishes meant a great deal of work and was splendidly done by the committee, Mrs. Blackmer, Mrs. Julia H.

Dahl, Mrs. Dollie K. Willis, Mrs. Olive Blakeley.

These four women gave the replica of the luncheon menu that was given for the King and Queen at the Copley Plaza Hotel in Boston, during their visit to the United States.

The table used was a round one laid with lovely cluney cloth with insets of silver medallions, loaned by Mrs. Daisy Haynes. Gold banded china and handsome silver perfectly arranged marked the two places for the King and Queen.

The Menu  
Consomme-Madrilaine aux perles  
Oeuf molet  
Poulard de Philadelphia a l'Indienne  
Harcot vert au Buerre  
French Rolls  
Coeur de Laiture a la Francaise  
Compote de Fruits Frais

Mrs. Blackmer served in bouillon cups, the tomato consomme with tapida in it—also the salad—head lettuce arranged with asparagus tops, stuffed olives and pimiento to resemble the "Butterfly Salad." A French dressing was used.

Mrs. Dahl prepared Oeuf Molet, which is a typically Belgian dish of spinach run through a sieve, and garnished with diced hard boiled eggs, with the sprinkling of the yolks over the top.

This was served in edible timbales, which Mrs. Dahl had also prepared. She demonstrated Haricots verts au Buerre which were green string beans in a silver vegetable dish.

Mrs. Willis prepared the "piece de resistance" of the luncheon, which was Poulard de Philadelphia, a roast chicken served on a mound of rice, on a silver platter garnished with parsley and halves of lemons cut in points. Cauce, Indienne was demonstrated along with the chicken, this sauce an unusual feature of the luncheon, with its delicate curry seasoning.

Small French rolls were baked by Mrs. Blakeley. The Compote de Fruits Frais which was a combination of peaches, apricots, tiny pears with stems was also an example of her culinary art. This fruit was served on silver platter, surrounded by crushed ice with a vine of smilax twisting over it, and made a handsome centerpiece for the table.

During the social hours, the sixty guests were served with French pasty and hot coffee, all the members of the department assisting.

O'Brien's Peerless Quintet, of Springfield furnished "real" music, at the Masonic Social Club dance, Tuesday night in the Masonic Ball room.

Eighty-five couples were in attendance, their prolonged applause after each number convincing proof of the popularity of this orchestra's playing. The fox trot "Margie" was the favorite of the evening.

Messrs Warren Hicks, Joseph Taggart, Charles Brown and Dr. Harry Roberts compose the committee, who had the arrangements in charge and served a lunch.

Numbered among the guests were: Mr. and Mrs. Albert Bonecutter, Mr. and Mrs. G. M. Rice of Wilmington; Mr. and Mrs. Walter L. Herron, Mr. L. D. Saxton, of Columbus; Dr. and Mrs. Morgan, Mr. Guy Kirk of New Holland.

The committee announce another dance for Tuesday, March first. O'Brien's Orchestra. The dance will start promptly at eight o'clock and close at twelve.

Mr. and Mrs. J. L. Davis and daughter, Miss Hazel extended the hospitality of their attractive country home, near Glendon at enjoyable little afternoon and evening affairs.

Mr. and Mrs. Davis's guests were: Mr. and Mrs. Cloney Mitchell, son, Leo Mrs. Catherine Bly, Mrs. Montra Hearthly, Mrs. Mable Brown, Mr. and

Mrs. Thomas A. Adams; Mrs. Frank Leeson and daughter, Florence Jane; and those of Miss Davis, Misses Alpha Mitchell, Edith Johnson, Messrs Harley Mitchel, Edgar Mitchel and Martin Leeson.

Mrs. Martin L. McCoy spent the past few days in Columbus with her sister, Mrs. Henry Johnson.

Mr. Harry J. Bliss is spending a few days in Chillicothe on business.

Mr. and Mrs. Dave Sutherland went to Columbus, Wednesday to attend the Automobile Show for three days. Mr. Sutherland will be at the Paige-Marmion display room, as the representative from this territory.

Mrs. Anna Jones, who has been the guest of Mrs. Howard Engle since Friday, left Wednesday for a ten days visit in Granville, before leaving for Washington, D. C. to join her sister, Mrs. Frank McDowell.

Miss Mayme Allerdisse has returned from Wilmington, where she was the guest of Dr. and Mrs. O. C. Moon. Mr. and Mrs. Walter L. Herron of Columbus were guests of Mr. and Mrs. Edgar Snyder, Tuesday night for the Masonic Social Club dance.

Miss Gertrude Gardner, Mrs. Selsor Fenner, Misses Gladys Fenner and Gretchen Willis motored to Wilaington Wednesday, to visit Miss Dorothy Rogers.

Mrs. S. E. Boggs is entertaining Mrs. George Renick, of Chillicothe, and Mrs. Harriett Weidon, of Circleville.

Mr. John Galvin, of the Lima Republican-Gazette was in this city Tuesday visiting relatives enroute to Columbus where he attended the annual meeting of newspapermen.

Hendrickson was found dead at his home in Oeta Monday morning. In the investigation by Coroner Earnest Lininger it was believed that he died with an attack similar to acute indigestion.

Burial was made in the Jamestown cemetery.

FIRST ANNUAL  
MEETING AND  
SUPPER HELD

Young Women's Christian  
Association Has Notable  
Gathering Tuesday Night.

Over Three Hundred Women  
Take Part — Prominent  
Association Members Here.

That the splendid structure which has done such incomparable work among the young women of our country, the Young Woman's Christian Association is firmly installed in this community as an inspirational and helpful factor for Washington C. H. young women in its three-fold sides, physical, educational and spiritual, was convincingly demonstrated at the first annual meeting and membership supper, held in the Y. M. C. A. gym Tuesday night.

The tremendous interest in the institution was shown by the attendance of over three hundred women, by no means alone the girls and young women actively connected with the "Y. W." but largely representative of the women of the city who are interested in its uplift and progress.

Although January the fifteenth was the end of the fiscal year, only nine months had elapsed since the birth of the Y. W. C. A. and the success of its brief life as effectively demonstrated at the annual meeting was most gratifying.

Coming specially to attend this meeting were Miss Elizabeth Jenkins, of New York, Secretary of Town and Country Department, National Board, Y. W. C. A. and Miss Laura Jones, of Cincinnati, Field Secretary Town and County, who effectively assisted local women in the organization and spent some time working with them last spring.

Prefacing the supper there was an informal reception in the "Y" lobby, with Mrs. Carrie B. Willis, President, and the members of the Board a most cordial reception committee.

The big gym of the "Y" provided a splendid place for the Supper and took care of the big crowd well.

It presented a most attractive appearance with the blue triangle and festoons of bright color on the walls and the center and side tables extremely pretty, with candles burning in large center candelabra, flanked on either side by white and pink cyclamen.

The supper was prepared by Mrs. Arthur Plyley and the dining room committee assisted by the serving committee, Mrs. Ed Pite, chairman, with a dexterity which won loud praise and every one was comfortably seated, the chairs especially well placed.

It was a surprisingly good supper too for the small price of twenty-five cents—veal loaf, potato chips, hot rolls, butter, pickles, jelly, doughnuts and coffee.

The Y. W. C. A. girls made the supper hour lively with songs and cheers, with Miss Frances Merriweather and Mrs. Lulu H. Robinson at the piano. The girls then put on a program of original stunts which were greatly enjoyed and gave an insight into the social side of the Y. W. C. A.

The Minnetoska Girls gave a clever demonstration of making a fat person thin and a thin one fat.

The gym demonstration, led by Miss Winifred English, showing the awkwardness of the girls at the beginning and their gracefulness later, was capital and the Young Woman's Council illustrated the menu for the next Business Women's Luncheon on Tuesday in effective costumes creating mirth.

A very clever demonstration of a Professor showing off a French doll, by Irene Shultz and Nell Markkade a big hit. The professor was amazingly fluent and witty and the doll as pretty as Paris ever sent over.

The Seagetaha Girls gave a taking, humorous song; the Reservas gave their own club song and girls from the High School Glee Club gave two selections. Mrs. Eichenberger, directing. The newest club of all, the Four Leaf Clover Club, sang a very pretty song, which Mrs. Elizabeth Carpenter had specially composed for them.

Mrs. Ed Pite made a talk on "Gym Advantages."

BUSINESS SESSION

The business session was opened by Mrs. Carrie B. Willis, President, who gave greeting and a brief talk of encouragement.

Printed reports from the Treasurer and General Secretary were handed out and their statements gave further proof of the promising condition of the organization.

The financial statement showed the total receipts for the nine months \$4,200.97 and an expenditure \$3,650.67 leaving a balance on hand of \$550.30.

The various committees also made satisfactory reports.

Miss Laura Jones greeted the Y. W. happily and made an excellent short talk.

The address of Miss Jenkins, of the National Board was a marked feature, bringing the evening to a close. Miss Jenkins' personality is very pleasing. Her address traced the growth of the woman movement, their various leaders, especially as connected with the Y. W. C. A. The needs and the opportunities confronting women today were forcefully presented and attention specially called to what the Association may do in this town to raise the standards and enrich the lives of girls and women.

The meeting and supper were most capably managed under the direction of the general chairman, Mrs. Austin F. Hopkins, general secretary, Miss Mary Craig, and the following chairmen and their committees:

Kitchen, Mrs. Arthur Plyley; dining room, Mrs. Ed Pite; decoration, Mrs. Anna Bush Coffman; tickets, Mrs. W. H. Lipsett; publicity, Miss Dorothy Fullerton; program, Miss Charlotte Townsend, the wonderfully efficient Y. W. C. A. secretary; check room, Miss Lillian English; reception, Mrs. Carrie B. Willis.

The election of six members to the board of directors resulted in the election of Misses Mary Robinson, Lulu Rowan, Edith Gardner, Mary Craig, Mrs. Carrie B. Willis and Mrs. C. Orman.

PROMPT ACTION  
SAVES BABE FROM  
HORRIBLE BURNS

Only the prompt action of Mrs. E. C. Kelly, residing on the Waterloo pike six miles east of this city, Wednesday morning saved her two year old daughter Virginia, from being fatally burned when the child's dress caught fire from a stove.

The babe, with her four year old brother, Maurice, and her mother was in another part of the house when screams from the children sent her flying to the room in which they were playing.

When Mrs. Kelly reached the doorway she saw flames leaping high above the head of the babe as the little dress fed the flames.

Seizing a coat she threw it about the child and smothered the flames before they could do further injury. The entire back portion of the little dress was burned away, but the only injury to the babe was a large blister several inches in extent across the back.

FIX SMITH TRIAL  
FRIDAY MORNING

Entering a plea of not guilty when arranged before Mayor V. J. Dahl on a charge of transporting liquor contrary to provisions of the Crabbe act, J. W. Smith, colored, better known as "Doc" Smith, of Circleville and elsewhere, was returned to jail without bond, and his trial set for Friday morning at ten o'clock.

Smith is held in connection with the Vernon Morris escapade in this city. He told the officers he did not recall the names of the other colored man who was with him the night the assault was made on Vernon Morris and his car and whiskey taken.

### MANY ROADS IN BAD SHAPE

During the past few days numerous  
roads in Fayette county have been  
badly damaged and in some places  
are almost impassable with numerous  
persons complaining that their ma-  
chines stuck fast and required consid-  
erable effort to extricate them.

The better improved roads, where  
there is any attempt at keeping the  
road well crowned, are in good shape,  
but on some of the roads which have  
not been improved other than stone  
or gravel dumped and allowed to take  
care of itself after once spread, ruts  
have appeared and in some instances  
machines have cut through the metal  
into the mud beneath.

One notable instance of bad road  
in this part of the state is the Jeffer-  
sonville and South Charleston pike,  
where machines by the dozen have  
stuck fast.

Drugging as soon as the roads dry  
a little is expected to greatly improve  
their condition as it will fill in the  
ruts.

### WORD TELLS DEATH FORMER RESIDENT

garner, 30, who formerly was a well  
known resident of this city.

Funeral services will be held at the  
M. E. Church in London at one  
o'clock Thursday afternoon and the  
body will be brought to this city  
where burial will be made in the  
Washington cemetery.

The deceased was the son of Mr.  
and Mrs. Stanley Bumgarner, of Co-  
lumbus.

The casket will be opened at the  
chapel at Washington Cemetery, where  
friends may view the body at half  
past three o'clock.

### GIVES BAD CHECKS ELUDES OFFICERS

When Dan McGuire went to Sedalia  
last night to secure Ralph Betts,  
he found the Range township village  
in a turmoil of excitement over the  
prospect of one of their citizens be-  
ing arrested for obtaining money un-  
der false pretensions. The whole of  
the residents were out in the street  
excitedly discussing the matter, but  
the bird had flown to parts unknown  
and could not be located. The officer  
was compelled to return to London  
without his man.

Betts is a young man and his meth-  
od consisted in drawing checks upon  
the Farmers' bank of Sedalia, and  
disposing of them for the cash with-  
out having a balance to cover them.  
Among London victims are: Burn-

### THE HOUSEWIFE OF 1921

Now that Woman's Suffrage is a  
reality the American woman must  
henceforth be considered not merely  
as a housekeeper and home-maker,  
but as a voter—a citizen and a force  
in this busy work-a-day world. With  
added responsibilities her health  
should never be neglected, and when  
beset with ailments peculiar to her sex  
she owes it to her self to first give that  
grand old medicine, Lydia E. Pink-

for over forty years it has been the  
standby of American women in restor-

### PLANNING ROTARY CLUB IN THIS CITY

A representative of the Chillicothe  
Rotary Club was in this city Tuesday  
making an investigation with a view  
to organizing a Rotary club here in  
the near future.

A minimum of fifteen members is  
necessary before a club can be formed,  
and about such a nucleus it is ex-  
pected that a large membership could  
soon be gathered.

Chillicothe has a membership of 75  
and the organization has done much  
for the city.

The representative met with much  
encouragement while here.

years.

HAPPIEST COUPLE IN YOUNGSTOWN HE SAYS

Both Shodd and His Wife are Restored to Health By Tanlac—Nothing Else Helped Them.

"My wife and I are the happiest couple in Youngstown, for Tanlac has restored us both to health," declared Martin Shodd, 910 Rose Court, Youngstown, Ohio.

"For three years we didn't know what good health was. My wife suffered terribly with pains across the small of the back. She could get but very little sleep at night, was tired all the time and generally had to stay in bed for breakfast. She frequently had spells of weakness and dizziness, when she would be laid up altogether.

"I myself suffered with stomach trouble and loss of appetite. Nothing I ate tasted right and after every meal I would bloat up with gas till I

could hardly breathe. Some days I was so bad I had to lay off from work and often when I did feel like getting out I had to stay home and nurse my wife. We tried all kinds of medicine but nothing helped either of us.

"One day I bought a couple of bottles of Tanlac and that was the turning point in our health, and today after taking seven bottles, we are just feeling as well as can be."

"My wife says she never enjoyed better health in her life than she does today, and as for me, all my stomach trouble had disappeared and I'm on the job all the time and never miss a day on account of sickness."

ARE YOU CONGENIAL

Thin-Blooded, Sick-Looking Men and Women Lack Enthusiasm

THEY NEED PEPTO-MANGAN  
Red-Blooded, Healthy-Looking Folks Get Along Well Because They Feel Good

There is a thrill in glowing good health. You see it in the enthusiasm and good cheer of congenial people. Fatigue, bad color, dull eyes and listless feelings do not attract other people. You are not congenial when you are run down.

Nearly everybody gets out of sorts occasionally. They are positively unhappy for weeks and constantly tired and gloomy. Perhaps you are that way and can see no reason why. But there is a reason. More than likely it is because of bad blood. Temporarily your blood needs help. Pepto-Mangan is a well-known and very successful remedy for poor blood. It supplies what your blood needs. You pick up and become your old self again; your blood works as it should, keeping you fresh and alert, congenial and happy and strong.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients. One is as effective as the other.

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without the name "Gude's" it is not Pepto-Mangan.
